EXPERIENCE COUNTS

Okie E. Allen, BCHIS

Introducing Beltone **Touch™**. Small, smart & so comfortable you'll forget it's there.

**A practically invisible hearing instrument you wear entirely in your ear**

**hide it.**

It's so small it almost vanishes into your ears.

**wear it.**

It practically becomes a part of you: so comfortable and secure you'll forget you have it on.

**hear it.**

It takes advantage of your ear's sound paths, and it adjusts automatically to the various environments you find yourself in.

Custom Touch and Instant Touch Available.
